

DIRECTIONS: Take one to two tablets twice daily, or as directed by your healthcare professional.

Consult your healthcare professional prior to use. Individuals taking medication should discuss potential interactions with their healthcare professional. Do not use if tamper seal is damaged.

BergaCor® Plus combines the antioxidant activity of bergamot (*Citrus bergamia*) with the tonifying superfruit of amla (*Phyllanthus emblica*). Bergamot is used traditionally in Italy to support cardiovascular wellness. Amla is revered in Ayurveda for its role in cardiovascular health, and this use has been validated in modern human clinical trials. Research suggests that the lipid- and glucose-balancing flavonoids of bergamot and amla help maintain healthy cholesterol levels already within normal range and support healthy blood glucose metabolism.*
