

DIRECTIONS: Take one capsule twice daily, or as directed by your healthcare professional.

Consult your healthcare professional prior to use. Individuals taking medication should discuss potential interactions with their healthcare professional. Do not use if tamper seal is damaged.

Corticare B™ is formulated to support the body's efforts in adrenal hormone production and energy generation. It provides activated B vitamins, vitamin C, and L-carnitine, as well as BioPerine® to support nutrient absorption. The Quatrefolic® form of 5-methyltetrahydrofolate (5-MTHF) is present for optimal folate bioavailability. L-carnitine enhances activation of pantothenate kinase—the first, most critical enzyme involved in the metabolic conversion of pantothenic acid to coenzyme A.*
