OncoPLEX™ Plus Myrosinase

DIRECTIONS: Take one capsule daily, or use as directed by your healthcare professional.

Consult your healthcare professional before use. Individuals taking medication should discuss potential interactions with their healthcare professional.

OncoPLEX™ Plus Myrosinase features broccoli seed extract enhanced with myrosinase, the enzyme that promotes the conversion of naturally occurring glucoraphanin in broccoli to sulforaphane (SFN). A potent activator of antioxidant activity, healthy cell-life cycles, and the production of detoxification enzymes, SFN is linked to the many health benefits associated with cruciferous vegetables.*
