EXCLUSIVE PROFESSIONAL FORMULAS

ProbioMax® DF

DIRECTIONS: Take one capsule with water daily, or as directed by your healthcare professional.

Consult your healthcare professional prior to use. Individuals taking medication should discuss potential interactions with their healthcare professional.

ProbioMax® DF is a vegetarian, dairy- and gluten-free, four-strain probiotic totaling 100 billion CFU* per capsule. Each vegetarian capsule is sealed in nitrogen-purged aluminum blister packs to serve as protection from factors proven to compromise the stability of probiotics such as heat, moisture, and oxygen. ProbioMax DF provides four researched strains of beneficial bacteria, including the extensively studied HMO19™ strain of *Bifidobacterium lactis*. These live microorganisms have proven health benefits and well-established safety, and have been tested for epithelial cell adhesion and/or resistance to low pH.*

To further support resistance to low pH and the delivery of microorganisms to the small intestines, XYMOGEN employs DFcaps™ gastro-resistant capsules. These specially designed, innovative capsules help slow exposure of actives to stomach acid, and ensure more targeted release.*

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

STORAGE: Keep closed in a cool, dry place out of reach of children.

FORMULATED TO EXCLUDE: Wheat, gluten, soy, animal and dairy products, fish, shellfish, peanuts, tree nuts, egg, ingredients derived from genetically modified organisms (GMOs), artificial colors, artificial sweeteners, and artificial preservatives.
