

DIRECTIONS: Take one capsule daily, or as directed by your healthcare practitioner.

Consult your healthcare practitioner prior to use. Individuals taking medication should discuss potential interactions with their healthcare practitioner. Do not use if tamper seal is damaged.

SynovX® Metabolic is a cutting-edge option for those in need of joint support related to excess body fat. Exciting, new research shows that fat cells send messages (via leptin and other signaling molecules) to joint tissue cells. These messages can trigger a cascade of events that damage the health and integrity of joints. SynovX Metabolic works by changing the "communication" between these cells, resulting in a more naturally healthy joint environment that can help you stay comfortable and be active.*

The image shows the front of a red box for SynovX Metabolic. At the top is the XYMOGEN logo, which consists of a stylized 'X' with a swoosh and the word 'XYMOGEN' below it. In the center, the word 'SYNOVX' is written in large, white, serif capital letters with a registered trademark symbol. Below 'SYNOVX' is the word 'METABOLIC' in smaller, white, sans-serif capital letters. Underneath that is the phrase 'Joint Support for Overweight Patients*' in white. Below this is 'ePV:' in white. At the bottom left, it says '60 Capsules' in large white numbers. To the right of that, it says 'Dietary Supplement' in white. At the bottom right is a small white square logo with a red 'V' and 'ePV' below it.
