

USAGE: Take 1 capsule up to 2 times per day or as directed by your qualified healthcare professional.

NOTE: If you have a medical condition, are pregnant, lactating, trying to conceive, under the age of 18, or taking medications, consult your healthcare professional before using this product.

L-Carnitine is an amino acid found in high concentrations in heart and liver tissues where, inside the cells (mitochondria), L-Carnitine helps transform fats into energy*. L-Carnitine also facilitates the metabolism of carbohydrates and enhances ATP (i.e., energy) production.*

L-Carnitine works synergistically with Co-Q10, an antioxidant and energy production cofactor that is found in the inner membrane of the mitochondria.*

Keep out of the reach of children.
