

**Suggested Usage:** Take 2 capsules daily.

N-acetyl cysteine (NAC) is a stable form of the non-essential amino acid cysteine. It is a sulfur-containing amino acid that acts as a stabilizer for the formation of protein structures, and promotes the formation of glutathione.\* Glutathione is a powerful free radical scavenging compound that also helps to maintain normal, balanced immune system function.\* Quercetin is a naturally occurring free radical neutralizer that supports healthy seasonal immune system function.\* Laboratory studies have demonstrated that quercetin can also help to promote normal respiratory function.\* Zinc has been included for its immune-supporting properties.\*

\*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

CAPSULE SIZE

**Caution:** For adults only. Quercetin may interact with a variety of medications; consult physician before using this product if taking prescription drugs (especially nitroglycerin). Consult physician if pregnant/nursing or have a medical condition. Keep out of reach of children.
