

Soy isoflavones, along with other naturally occurring soy phytonutrients, have been shown in scientific studies to have many health benefits, including maintaining healthy cells, promoting normal cardiovascular function, supporting bone health and assisting estrogen balance.*

Jarrow Formulas® Iso-Rich Soy™ contains water-extracted, Non-GMO (Genetically Modified Organisms) soy protein isolate.

- **Consistent isoflavone level.** Each serving guarantees a minimum of 29 mg of naturally occurring isoflavones, consisting of genistin/genistein, daidzin/daidzein and glycitin/glycitein. The isoflavone level in **Iso-Rich Soy™** reflects the daily dietary intake of isoflavones in Asian countries such as Japan.

- **Water extraction** of soy protein preserves naturally occurring isoflavones and saponins.

- **Saponins**, another naturally occurring group of phytonutrients in soy, have been shown in scientific studies to enhance the body's defense mechanisms.*

Amino Acid Pattern of Iso-Rich Soy™ compared to the FAO/WHO reference pattern		
Essential Amino Acids	Iso-Rich Soy™ mg/g protein	FAO/WHO suggested for Adults mg/g protein
Histidine	28	19
Isoleucine	49	28
Leucine	80	66
Lysine	65	58
Methionine (+ Cystine)	26	25
Phenylalanine (+ Tyrosine)	87	63
Threonine	45	34
Tryptophan	13	11
Valine	50	35
* PDCAAS (Protein Digestibility Corrected Amino Acid Score): Isolated Soy Protein = 1.00 Egg White = 1.00 Casein = 1.00		

HEALTH CLAIM: Consumption of 25 g of soy protein a day, as a part of a diet low in saturated fat and cholesterol, may reduce the risk of heart disease. A serving of Jarrow Formulas® Iso-Rich Soy™ provides 25 g of soy protein.

Iso-Rich Soy™ is a complete source of essential amino acids and meets or exceeds the daily "Amino Acid Requirement Patterns" for adults measured by PDCAAS* (recommended by the Food and Nutrition Board, 1989).

Keep out of the reach of children.

Use **Iso-Rich Soy™** as a dietary supplement to increase your intake of protein and isoflavones.

USAGE:

Mix 2 rounded tablespoons (approximately 29 g) of powder with 6 to 8 oz. of fruit juice, milk, or your favorite beverage, or you may:

- Blend powder with liquid, ice and fruits for smoothies.
- Mix into cold or cooked cereals.
- Add to soups, sauces, casseroles, meatballs, patties, baked items (bread, muffins, etc.) or frozen desserts.

Ingredients: Soy protein isolate (Non-GMO) and natural vanilla flavor. Also contains silicon dioxide (anti-caking agent) (in trace amounts).

Contains: Soy.

Suitable for vegetarians/vegans.

No wheat, no gluten, no dairy, no egg, no fish/shellfish, no peanuts/tree nuts, no preservatives.

Does not contain artificial flavors, sweeteners or colors.

This product contains naturally occurring phytoestrogens. Do not take more than 2 servings per day. Do not give to children under 12 years old.
