

BE MAGIC™
NH

At Be Magic we are excited to bring a synergy of two unique Mother Nature gifts such as Manuka Honey MGO500+ and Eucalyptus for your everyday wellbeing.

New Zealand untouched wilderness provides with zillion of natural products with beneficial properties.

Eucalyptus

Eucalyptus is a fast-growing evergreen tree native to Australia. For thousands of years Eucalyptus is used in Chinese, Indian Ayurvedic, Greek and European style natural remedies as well as creams and ointments. Customers can see Eucalyptus oil as an ingredient in many pharmacy over the counter products designed to help with symptoms of coughs, colds, and congestion. As well many cosmetic manufacturers include Eucalyptus oil into their toothpaste and other oral care products.

Ancient Chinese, Indian, Egyptian and Greek folks medicine have employed Eucalyptus beneficial properties for many Centuries ago. Eucalyptus is believed by many ancient nations to have a number of helpful properties, although not all of them have been confirmed by scientific research*.

Manuka Honey

Original from New Zealand the monofloral Manuka Honey with 500+ mg/kg of Methylglyoxal that we use to create our lozenges is well known for its unique properties found in the great amount in no other honey in the world.
