GIVEN BY NATURE, PROVEN FOR CENTURIES

All 4 ingredients of such unique product have been collected from wild Siberian forest and processed according to the ancient Russian Siberia territory explorers recipe go back to 16th Century.

The main ingredients of the oil blend "Siberian Cedar Elixir of Life" is cold pressed Cedar Kernel Nuts Oil and Cedar Sap both are natural occurring components of a Cedar tree growing wild in Siberia.

Another two ingredients being blended with are Sea Berry Seeds Oil and Bee Propolis that finish the uniqueness of nutrition properties of the Elixir.

Propolis is a resinous material collected by bees from bud and exudates of the plants, which is transformed in the presence of bee enzymes. Its color varies from green, red to dark brown. Propolis has a characteristic smell and shows adhesive properties because it strongly interacts with oils and proteins of the skin. In general, propolis in nature is composed of 30% wax, 50% resin and vegetable balsam, 10% essential and aromatic oils, 5% pollen, and other substances (Burdock, 1998).
