

Directions: Take two (2) or more softgels daily with meals, or as directed by a healthcare practitioner.

Enteric coated to withstand stomach acids.

Since Triple Maxi Omega-3 Concentrate™ is enteric coated, more EPA/DHA gets absorbed in the body, and its required dosage is less than non-coated fish oil.*

Is fish oil rigorously third party tested to provide guaranteed potency, purity and to ensure it meets or exceeds U.S. standards for contaminants such as mercury, lead, cadmium, PCBs, pesticides and dioxins.

Seal tightly closed in a cool, dry place. Keep out of reach of children.
