

SUGGESTED USE Consume one or two capsules early in your day or as recommended by a health care professional. As with any weight-loss support product, this formula is most effective when used in conjunction with a sensible program of diet and exercise, along with a high potency, comprehensive multi-vitamin-mineral supplement such as one of **ANDREW LESSMAN'S Life Rx™** formulas. **For answers to questions about the use of this product call 800.800.1200.**

CAUTION This product contains herbs that deliver a small amount of naturally occurring caffeine-related alkaloids (the equivalent of less than a half-cup of coffee per capsule). Not recommended for those individuals with high blood pressure, unless you are accustomed to caffeine or it is approved by your physician. Do not use this product if you are pregnant or lactating.

A.M. ACTIVATOR™

MORNING METABOLIC SUPPORT

CELLULAR ACTIVATORS • LIPOTROPIC FACTORS

DIETARY SUPPLEMENT

180 Easy-to-Swallow Capsules

P.M. RELAXATION™

EVENING METABOLIC SUPPORT

RELAXING & LIPOTROPIC FACTORS

DIETARY SUPPLEMENT

180 Easy-to-Swallow Capsules

Andrew Lessman's A.M. ACTIVATOR is designed as a safe and healthy means of maintaining energy levels while stimulating and supporting fat burning metabolism without the potentially dangerous Ephedrine-containing herb, Ma Huang. **AM Activator** contains thermogenic herbs and natural cellular activators to jump-start your metabolism and facilitate your fat-loss goals. It contains standardized extracts with a history of traditional use in many cultures for promoting energy and a sense of well-being. To further support your weight-loss goals by fighting fatigue and providing calming benefits, we include standardized extracts of **Panax (Asian) Ginseng, Eleutherococcus (Eleuthero), Ashwagandha and Rhodiola** – adaptogenic herbs with a history of traditional use going back thousands of years. In addition, **AM Activator** supplies **Chromium** and **Vanadium** to support healthy carbohydrate metabolism and the **B-Complex vitamins** to maintain energy production and fat metabolism. Finally, we add **Carnitine**, along with its precursors, **Vitamin C** and **Lysine**, to support the efficient transport and burning of body fat. The investment and sacrifice we make when dieting and exercising deserve the best results and the unique combination of ingredients in **AM Activator** is designed to safely and gently jump-start fat and energy metabolism.

Andrew Lessman's P.M. RELAXATION is designed to help you sustain the benefits from a day of successful activity and weight-loss efforts by delivering the fat-burning factors to support fat metabolism throughout the night while also supporting a great night's sleep. A great night's sleep is vital to your starting the following day inspired and energetic about your weight-loss efforts and goals, so we include standardized extracts from nature's soothing and relaxing botanicals, including **Valerian Root, Passionflower, Chamomile and Hops**. These natural botanical extracts will help you wind down so you can experience a great night's sleep and a great start tomorrow. **Rhodiola** acts as an adaptogen to provide calming benefits and promote feelings of well-being. We also include **Melatonin**, which supports your body's natural sleep mechanisms by helping your body relax and prepare for sleep, which is often difficult when dieting and exercising. In addition, we include **5-HTP**, for its support of serotonin production, which is associated with sound sleep, positive mood and appetite control. **P.M. Relaxation** also supplies a comprehensive blend of non-stimulant nutrients related to or essential for fat-burning metabolism, including **Carnitine** and its precursors, **Lysine** and **Vitamin C**. Just because you are going to sleep does not mean that the fat-burning benefits from a hard day's work end. **P.M. Relaxation** offers a unique blend of ingredients to assure that today's efforts are well rewarded and tomorrow's well prepared for.
