

inergy PLUS is a caffeine-free supplement specifically formulated to promote the body's natural ability to produce renewable, self-sustaining energy from within.

Key Benefits of inergy PLUS

- Enhance mental energy levels for hours without crashing*
- Support mitochondrial health and cellular-level energy production within the body*
- Promote ideal moods and emotional well-being while reducing fatigue and stress*

inergy PLUS is a proven caffeine replacement. However, when combined together, it acts as an amplifier that enhances its positive effects while also reducing crashes associated with caffeine.

Store in a cool and dry place. Refrigeration is not required.

Caution: For adults only. Please consult your doctor or physician if unsure of ingredients. Especially when pregnant/nursing, taking medication, or have a medical condition. Keep out of reach of children. Do not use if tamper evident seal is broken or missing.
