

**NO ARTIFICIAL COLORINGS, FLAVORINGS
OR PRESERVATIVES**

Dong Quai is an herb long revered for supporting the balance of female hormones and helping to maintain male fertility and prostate health. **Dong Quai** also promotes digestion and bone health and helps maintain healthy mood. A member of the celery family, this herb is known for its antifungal and antioxidant properties and its valuable vitamin content. Body Ecology enhances the nutritional properties by fermenting it with beneficial bacteria – creating a health-promoting drink to nourish your inner ecosystem.*

Directions for use: Chill bottle before opening and then slowly release the cap. To use as a probiotic, take several ounces per day. To create a refreshing drink, combine 2 ounces with sparkling mineral water and a few drops of stevia. 2 ounces taken with a meal helps promote digestion. Batches may vary in color, taste and fizz due to wild-crafted ingredients and the fermentation process. Do not take Dong Quai when pregnant.
