

**NO ARTIFICIAL COLORINGS, FLAVORINGS
OR PRESERVATIVES**

To build a robust ecosystem, diversity is the key. Each grain, seed, and legume in Body Ecology® **MojitoBiotic** has a unique ecosystem of bacteria that when fermented together create an amazing diversity not found in other probiotic supplements.

Use as a mixer with drinks, in a smoothie, or as a single shot during each meal.

Directions for use: Chill bottle before opening and then slowly release the cap. To use as a probiotic, take several ounces per day. To create a refreshing drink you can also combine 2 ounces with sparkling mineral water and a few drops of stevia. 2 ounces taken with a meal helps promote digestion. Enjoy chilled in stemmed glassware for festive occasions. Batches may vary in color, taste and fizz due to wild-crafted ingredients and the fermentation process.
