

Directions: As a dietary supplement to boost and promote sexual health, take two (2) capsules twice daily with meals or as recommended by your health care professional. The second dose of Vesele should be taken at least 4 to 6 hours prior to bedtime. Take consistently for at least 4 months for best results.

Warnings/Precautions:

Do not exceed 6 capsules daily. Consult with your physician or healthcare professional before use. This product should only be taken by healthy adults at least 18 years of age or older. If you have any known medical condition or are taking any other medications or supplements discuss with your physician before use. Pregnant or lactating women, consult with a physician before use. Discontinue use and consult with a physician if you experience any unusual symptoms. L-Arginine may interact with certain heart and blood pressure medications and may stimulate human growth hormone (HGH).

Do not use if foil safety seal is damaged or is missing.
Store at room temperature.
