BEST BEFORE:

Udo's Choice® Advanced Adult Enzyme Blend was formulated for people seeking extra digestive support—especially individuals 65 years of age or older. This is because our ability to digest food and absorb nutrients decreases with age. This full-spectrum vegetarian enzyme blend is our most potent formula to aid in the healthy digestion of fats, proteins, soluble fiber, and carbohydrates—even the milk sugars and proteins found in dairy products*. This blend also helps maximize the absorption of important nutrients such as calcium*.
