

Enjoy the food,
without the guilt.

A refreshingly simple approach to healthy weight management.

Lineatabs® offers a solution which helps prevent some of the fat in your food from being absorbed by the body*, so you can maintain your weight without having to count calories or follow a crash diet. You can occasionally enjoy the foods that you might normally avoid without having to feel quite so guilty after every meal.

Lineatabs® features the key ingredient **Solusitan®**, a fat binding complex made of natural dietary fiber, that attracts dietary fat and disrupts its absorption.*

The positively-charged **Solusitan®** fibers bind the negatively-charged fat molecules.* The result of the fat binding is some of the entrapped fat leaves the body through the digestive tract in a natural way, without unpleasant GI-related side effects.*

How to use Lineatabs®

As a dietary supplement, dissolve one **Lineatabs®** tablet in 4 to 8 ounces of cold (but not iced) water and consume it before or during a fatty meal. Note that the formula may settle. For best results, be sure to drink all of the fiber to get the maximum fat binding benefits of **Solusitan®**.*

lineatabs®

Lighten your meal.

Helps with body
weight reduction*

Helps maintain
healthy cholesterol
levels*

100% Stimulant-free

100% GMO-free

100% Gluten-free
