Amalaki powder

Removes excess pitta from the system*

Assists natural internal cleansing and maintains regularity*

Stimulates digestive fire without aggravating pitta*

Natural antioxidant*

As one of the three ingredients in triphala, amalaki (*Embolica officinalis*) is a potent rejuvenative that nourishes the tissues and gently removes toxins. It is generally taken in place of triphala by those with excess heat in the digestive tract. Amalaki's cooling action removes excess pitta from the GI tract, supporting a healthy stomach lining and the proper function of digestive acids. It also cleanses the colon, eliminating excess toxins and heat while supporting healthy bowel movements. Amalaki is a highly concentrated source of natural antioxidants and is deeply nourishing to the body tissues.*

Suggested Use: ¼ to ½ teaspoon with warm water, once or twice daily, or as directed by your health practitioner.
