Dietary Supplement
½ lb • 227g

Anantamul powder

Supports proper function of the kidneys and urinary tract*

Maintains healthy skin and a clear complexion*

Removes natural toxins from the blood*

Cleanses excess pitta from the body and mind*

Anantamul (*Hemidesmus indicus*), literally “the eternal root” in Sanskrit, is a thin creeping plant with long, red spreading roots and a sweet, aromatic odor. Its Hindi name, Sugandhi, means “the fragrant one.” Anantamul’s color and spreading quality suggest its affinity for the circulatory system and the blood. It spreads throughout the body, cooling and removing excess pitta in the digestive tract, joints, nerves, and reproductive system. As a pitta reducer, it is used to support proper function of the genitourinary system and to promote healthy skin and a clear complexion.*

Suggested Use: ¼ to ½ teaspoon with warm water, once or twice daily, or as directed by your health practitioner.

If you are pregnant, nursing, taking medications, or have a medical condition, please consult with your health care practitioner prior to the use of this product.
