Ginger (*Zingiber officinale*) is known as “the universal medicine” for its broad range of health-promoting benefits. One of the three pungent herbs in the traditional formula trikatu (Kapha Digest), ginger warms the body. It supports healthy circulation, vasodilation, and promotes sweating. A heating spice, ginger enkindles the digestive fire, burns ama (natural toxins), and supports post-meal abdominal comfort. Ginger promotes healthy expectoration and removes excess kapha from the lungs.*

Suggested Use: ¼ to ½ teaspoon with warm water, once or twice daily, or as directed by your health practitioner.
