

GENIUS CREATINE uses Creapure® creatine monohydrate. Creatine monohydrate is one of the most widely studied and clinically effective forms of creatine in the world.* Creatine is used primarily by the skeletal muscles as an energy source and can also enhance muscle recovery after high-intensity exercise.* Whether your goal is gaining more muscle, boosting performance, or going the extra mile, creatine can play an integral role in supporting your fitness and athletic goals.*

DIRECTIONS: As a dietary supplement, mix one (1) scoop in 8 oz of water or your favorite drink immediately post-workout or first thing in the morning on non-workout days.

WARNINGS: Keep out of reach of children. Consult your physician prior to using this product if you are pregnant, nursing, under 18 years of age, taking medication or have a medical condition. Immediately discontinue use and contact your physician if any adverse reactions occur. Store in a cool, dry place away from excessive heat.
