

GENIUS

# ETERNAL

THE FOUNTAIN OF YOUTH IS NOT  
OUTSIDE OURSELVES,  
BUT WITHIN OUR OWN BODIES!

Inside each of our cells are literal biological clocks called telomeres that assist with healthy cell replication. These telomeres grow shorter with time due to damage from free radicals, stress, and environmental toxins.\* Genius Eternal contains Telos95®, shown in clinical trials to help extend telomere length and lower cellular age. In addition, Genius Eternal includes SerinAid® and NMN to provide cognitive support for memory, concentration, and learning while further bolstering the body's biochemical functions to support youthfulness and healthy aging.\* The human biohacking revolution is now: Unlock the Genius within yourself today!
