Gokshuradi Guggulu powder

Supports proper function of the kidneys and urinary tract*

Supports healthy urine composition*

Supports a healthy prostate and proper function of the male reproductive system*

Gokshuradi Guggulu is a traditional Ayurvedic compound used to support the proper function of the genitourinary tract. It strengthens and tones the kidneys, bladder, and urethra as well as the reproductive organs. The main ingredient, gokshura, is renowned for its rejuvenating action on the kidneys and prostate. Combined with guggulu, triphala, and trikatu, it detoxifies the urinary system and supports healthy urinary composition. Balancing to all doshas, Gokshuradi Guggulu revitalizes the genitourinary system by calming vata, soothing pitta, and eliminating excess kapha.*

Suggested Use: 1/8 to 1/4 teaspoon with warm water, once or twice daily, or as directed by your health practitioner.

Not to be used during pregnancy. If you are nursing, taking medications, or have a medical condition, please consult with your health care practitioner prior to the use of this product.
