As one of the three ingredients in the Ayurvedic super formula triphala, haritaki (*Terminalia chebula*) is considered to be one of the best herbs for balancing vata dosha. Supporting the body's innate cleansing process, it gently removes accumulated natural toxins in the gastrointestinal tract. As a rejuvenative, it strengthens and nourishes the tissues and supports the proper function of the colon, lungs, liver, and spleen. Haritaki is traditionally used as a remedy for all vata-related imbalances and maintains regular elimination.*

Suggested Use: ¼ to ½ teaspoon with warm water, once or twice daily, or as directed by your health practitioner.
