Hingvastak powder

Promotes healthy digestion*

Calms excess vata in the GI tract promoting intestinal calm and comfort*

Supports proper assimilation and absorption*

Helps maintain regularity*

This vata-soothing combination of herbs supports the entire digestive process and is especially useful for those with vata predominant constitutions or vata digestive imbalances. Vata is cold, light, and dry, qualities that in excess can inhibit proper digestive function and create discomfort. Hingvastak contains herbs that are heating, grounding, and oily. They effectively counter the opposing vata qualities creating balance. Hingvastak's heating quality enkindles the digestive fire, stimulates a healthy appetite, and helps ensure nutrients are properly absorbed and assimilated.*

Suggested Use: ¼ to ½ teaspoon with warm water, once or twice daily, or as directed by your health practitioner.

Not to be used during pregnancy. If you are nursing, taking medications, or have a medical condition, please consult with your health care practitioner prior to the use of this product.
