Supports healthy cholesterol levels that are already
in the normal range*

Supports proper weight management*

Maintains healthy digestion and absorption*

Removes deep-seated natural toxins from the
tissues*

This classic Ayurvedic preparation combines the detoxifying and rejuvenating actions of triphala with the deeply penetrating and cleansing actions of guggulu. Triphala guggulu effectively decongests the channels of the body and scrapes away natural toxins held within the tissues. It is particularly useful for weight management as it enkindles the digestive fire and promotes healthy metabolism.*
