promotes
bone health*

Youtheory® K2D3 provides essential nutrients that enable the body to properly use calcium for a variety of functions in normal metabolism. K2 + D3 also complement one another in the promotion of bone growth and cardiovascular function.

Vitamin K has well-established roles in promoting normal bone mineralization and cardiovascular function. Vitamin D is responsible for ensuring absorption and retention of calcium.

Usage Warnings: Check with your doctor before using this product if you are taking medication or have any medical conditions. Do not use if you are pregnant or nursing. Do not exceed the recommended daily intake. Not intended for persons under 18. **KEEP OUT OF REACH OF CHILDREN.** Store in a cool and dry place after opening.
