FUELS MUSCLES & PERFORMANCE FOR HOURS!

People who train hard demand a superior and more effective protein.
To maximize lean muscle growth and recovery ensuring proper protein utilization, MusclePharm® scientists fortified Combat Protein Powder® with a variety of protein blends that digest at varying rates—this helps fuel your muscles longer.

The great-tasting, easy-mixing digestive blend is fine-tuned for true nutrient utilization–a step ahead in protein powder technology. Most other protein products seem to be okay with the status quo, the minimum.

But ask yourself: do you give your workouts minimum effort? MusclePharm® scientists over-delivered. Combat Protein Powder® is precision-engineered with whey protein concentrates, milk protein concentrate, hydrolysates, isolates and egg albumin. These help create a muscle-building environment for longer periods of time, which results in greater muscle building, recovery and performance.

KEY FEATURES

- 25G OF AWARD WINNING TASTE & EASY TO MIX PROTEIN
- 5 POWERFUL PROTEINS: FAST & SLOW DIGESTING
- TAKE IT ANYTIME: MORNING, PRE/POST WORKOUT & NIGHT
- GLUTEN-FREE

BENEFITS OF A 5 PROTEIN BLEND

FAST DIGESTING

WHEY PROTEIN HYDROLYSATE
Broken down into faster-absorbing peptides, this rapidly infuses muscle-building amino acids.

WHEY PROTEIN ISOLATE
Digests and absorbs rapidly and is, gram for gram, the highest available yield of protein.

WHEY PROTEIN CONCENTRATE
Closest to whole food and contains real subfractions.

EGG ALBUMIN
Highly bioavailable and is high in naturally-occurring BCAAs and arginine.

SLOW DIGESTING

MILK PROTEIN CONCENTRATE
Digests slowly, infusing valuable amino acids over several hours.

PROTEIN POWDER DRINK MIX
NET WT. 65 OZ (4.1LB) (1842 GRAMS)

SUGGESTED USE: Mix 1 scoop of COMBAT PROTEIN POWDER® with 8-12 fl. oz. of cold water. Vary the amount of water to achieve desired consistency and taste. Consume additional servings throughout the day to meet your daily protein requirements. Use in combination with whole food protein sources, a balanced diet, and exercise program.

NOTICE: Powder density may be affected by settling which may cause variations in the scoop serving size and fill levels from bottle to bottle.

STORAGE AND MAINTENANCE: Due to the amount of active ingredients in this product, shake weekly and before use to ensure proper ingredient mixture and effectiveness per serving. Packed by weight, not by volume. Settling of product occurs after filling. Do not use if tamper evident security feature is broken or missing. Exposure to heat, light or air can affect flavor or aroma; therefore keep out of direct light or heat and store in a cool dark place. Keep sealed when not in use.
