Discussion: Magnesium helps in the development and maintenance of bones, muscles, and general good health. Quercetin is an antioxidant and is used for capillary/blood vessel health. Studies show that PEA can support healthy inflammatory response to help relieve minor discomfort. Univestin™ helps relieve joint discomfort and stiffness, and improve mobility.*

Directions: Take 1 capsule one to four times a day with food, or as directed by a health care practitioner.

Warning: Consult a health care practitioner prior to use if you are pregnant or breastfeeding, if you have a history of, or active stomach ulcers, if you have or are predisposed to liver disorders or are taking medications or natural health products that may affect the liver, if you are taking anticoagulants (e.g., warfarin), or if you are taking other anti-inflammatory medications or natural health products. Some people may experience mild gastrointestinal disturbances such as diarrhea, abdominal pain, heartburn, nausea and vomiting; in which case, discontinue use. Consult a health care practitioner if symptoms persist or worsen.

Caution: Discontinue use and consult a health care practitioner if you develop symptoms of hypersensitivity or allergy, or if you develop liver-related symptoms. For use beyond 12 weeks, consult a health care practitioner. Keep out of reach of children.
