

Potency Guarantee: Each capsule contains a minimum of 2 billion cfu of live, active *B. infantis* beneficial probiotic bacteria **NLS super strain** guaranteed through expiration date, if kept dry and refrigerated.

Suggested Use: Begin your regimen by taking one capsule daily for the first week. Take the capsules with unchilled, filtered (chlorine-free) water. For additional support you can increase the amount slowly until you are taking five capsules per day or until you achieve desired results. Take **Life Start® 2** preferably before meals and at least 2 hours apart from herbs, garlic and prescription drugs for optimal results. May be taken along with other Natren products. Do not give capsules to children under eight years of age to avoid the possibility of choking.

The **Trenev Process®**, a unique proprietary process, substantially increases the probiotic benefits by keeping the bacteria in their natural environment (supernatant) to ensure potency and efficacy, eliminating the need for additives. For more information, please call for a complimentary brochure.

DO NOT FREEZE OR EXPOSE TO MOISTURE, HEAT OR DIRECT SUNLIGHT.
DO NOT ACCEPT IF SEAL IS BROKEN.
KEEP REFRIGERATED AND DRY TO MAINTAIN POTENCY GUARANTEE.
