

Directions: Take one (1) capsule daily, in the morning, with a meal or as directed by a healthcare practitioner.

Warning: Individuals taking medication, children and pregnant or lactating women should consult their healthcare practitioner prior to use. Do not use if tamper seal is damaged.

MicroActive® CoQ10 Enhanced with MicroPQQ® + Shilajit is a triple-action heart health and cellular energy support formula specifically designed to fuel and protect mitochondrial function while promoting vibrant energy production. This unique complex contains highly bioavailable ingredients which absorb far better than standard CoQ10 & PQQ alone. The combined ingredients are clinically-studied to support short-term memory, focus cognitive health and more.*

MicroActive® CoQ10 (24-hour sustained release) has been proven to double serum-CoQ10 levels in just 3 weeks, making it 3x more bioavailable than regular crystalline CoQ10. **MicroPQQ®** protects against mitochondrial damage and is 2x better absorbed than other forms of PQQ thanks to a 9+ hour sustained-release profile. **PrimaVie®** is a patented, organic, purified shilajit from the Himalayas, containing 3 extraordinary bioactives: Urolithins (DBPs), Fulvic Acid and 40+ Micro Minerals - maximizing your body's absorption of CoQ10 and PQQ as well as promoting total-body vitality.*

Storage: Keep tightly closed in a cool, dry place. Keep out of reach of children.
Formulated to Exclude: Fillers, gluten, wheat, soy, corn, yeast, animal or dairy products, shellfish, fish, peanuts, tree nuts, egg, ingredients derived from genetically modified organisms (GMO's), artificial preservatives, sweeteners or colors.
