

Directions: Take one (1) capsule daily, or as directed by a healthcare practitioner.

Warning: Individuals taking medication, children and pregnant or lactating women should consult their healthcare practitioner prior to use. Do not use if tamper seal is damaged.

OncoProtect ES™ "Extra Strength" is advanced formula containing 2 clinically studied cellular-health-supporting botanical extracts. **TrueBroc®** **Glucoraphanin**, a patented broccoli seed extract, helps your body effectively identify and eliminate dangerous toxins. **Active Myrosinase** from radish seed extract, is the enzyme that converts Glucoraphanin into Sulforaphane, one of your body's most potent free radical fighters and cell detoxifiers. When taken together in an extra strength dose, each of these botanicals enhances the bioavailability and efficiency of the other, resulting in a remarkably powerful cellular-immunity-supporting formula that's been the subject of over 1,700 published studies.*

Storage: Keep tightly closed in a cool, dry place. Keep out of reach of children.

Formulated to Exclude: Fillers, gluten, wheat, soy, corn, yeast, animal or dairy products, shellfish, fish, peanuts, tree nuts, egg, ingredients derived from genetically modified organisms (GMO's), artificial preservatives, sweeteners or colors.
