

Directions: Dissolve one (1) scoop with 6–8 ounces of liquid. Drink once daily, or as directed by a healthcare practitioner. For best results add powder prior to adding liquid, then mix.

Warning: Individuals taking medication, children and pregnant or lactating women should consult their healthcare practitioner prior to use. Do not use if tamper seal is damaged.

TriActive Collagen + contains a unique blend of three patented collagen peptides alongside highly beneficial co-factors, all in clinical dosing. **GELITA Bioactive Collagen Peptides (BCP®)** is a unique blend of specific beneficial peptides optimized for distinct physiological benefits. Each peptide functions differently in the body – they are optimized to provide maximum stimulation of the body’s collagen biosynthesis. Sourced from grass-fed, pasture-raised bovine collagen, they are backed by clinical research showing their efficacy for supporting collagen production, bone strength, joint health and integrity, skin elasticity and optimized gut health.*

Formula Highlights:
FORTIBONE® stimulates the body to build the basic components needed for a strong and stable bone structure, supporting overall bone stability and flexibility.
FORTIGEL® is an innovative ingredient shown to help support normal joint cartilage regeneration.
VERISOL® is formulated to combat aging factors by supporting noticeably firmer and smoother skin with fewer visible fine lines and wrinkles.
Mobilee® supports mobility, joint health and muscle strength via high concentration hyaluronic acid – clinically proven to support healthy collagen production.
Nutra-C® is a 100% bioavailable, pH neutral Vitamin C which is instrumental in your body’s ability to synthesize collagen.

PLEASE NOTE: Packaged by weight not by volume. Settling of contents may occur. Serving size is based on weight. If measured with the included scoop, the number of servings may vary.

Storage: Keep tightly closed in a cool, dry place. Keep out of reach of children.

Formulated to Exclude: Fillers, gluten, wheat, soy, corn, yeast, dairy products, shellfish, fish, peanuts, tree nuts, egg, ingredients derived from genetically modified organisms (GMO’s), artificial preservatives, sweeteners or colors.
