

This unique formula contains purified and concentrated EPA & DHA Omega-3 Fish Oil and non-GMO Pine Tree Sterol Esters. Plant Sterols are well studied as a natural alternative to support healthy cholesterol metabolism. While most other plant sterol products are made from corn and/or soy, our North American pine tree sterols source is the best choice for a non-GMO sterol product.

Made with  ALASKOMEGA® fish oil.

Our Story

Our Omega-3s are purified and concentrated from Wild Alaskan Pollock Fish Oil at our family-owned-and-operated facility located in the heart of the Midwest. The SQF Quality Shield certifies that our manufacturing process meets SQF rigorous quality code standards. This product is safe from PCBs, heavy metals, and other environmental contaminants.

DIETARY SUPPLEMENT

ONLY 2 PER DAY
CHOLESTEROL SUPPORT

560 MG EPA + DHA
OMEGA-3
360 MG β-SITOSTEROL
PER SERVING

800 MG SIZE • 90 SOFTGELS

†MAY REDUCE THE RISK OF CORONARY HEART DISEASE

† Foods that contain at least 0.65 grams per serving of plant sterol esters may reduce the risk of heart disease when consumed twice a day for a total daily intake of at least 1.3 grams and part of a diet low in saturated fat and cholesterol. Cholesterol Support provides 0.8 grams of plant sterols in each serving of 2 softgels.

Our Unique Formula

Why EPA and DHA Omega-3 Fatty Acids?
EPA & DHA Omega-3s support healthy blood vessel function and circulation*

EPA & DHA Omega-3s promote healthy cholesterol and triglyceride levels*

Why Pine Tree Plant Sterols?
Plant sterols promote healthy cholesterol levels*
