

Licorice Root (*Glycyrrhiza glabra* L.) contains a glycoside (glycyrrhizin), flavonoids, asparagine, isoflavonoids, chalcones and coumarins. Deglycyrrhized licorice is used for people who have or are susceptible to high blood pressure.

Suggested Usage: As a dietary supplement, adults take 1 capsule twice daily between meals or as advised by your healthcare professional. If digestive irritation occurs, take with meals.

Stop use and consult your healthcare professional if allergic reactions occur. Caution: If you are pregnant or nursing, have a history of renal failure or are currently using cardiac glycosides, consult your healthcare professional before using this product.

KEEP OUT OF REACH OF CHILDREN.

For optimal storage conditions, store in a cool, dry place. (59°-77°F/15°-25°C) (35-65% relative humidity) Tamper resistant package, do not use if outer seal is missing.
