

Secretagogue Plus® is the ultimate anti-aging formula.*
As we age, the body's natural production of hormones declines.

Secretagogue Plus was formulated to help the body maintain healthy levels of the hormones that can decline as we get older. This "fountain of youth" formulation contains amino acids, peptides, polysaccharides, and **ZMA®** which has been clinically shown to help the body's production of anabolic hormones, helping you look and feel younger again.*

Secretagogue Plus is sweetened with fructose, an all-natural substance with a low glycemic index of 20, which will not cause a rapid rise in blood sugar levels.

Secretagogue Plus has a pleasant and refreshing orange taste.*

SUGGESTED USE: Dissolve contents of one packet in four ounces of water, once a day, in the morning or at bedtime on an empty stomach (preferably two hours before or two hours after mealtime) for five days. Skip two days and repeat cycle.

Continue use for three months, skip one month and begin cycle again.

Please consult your healthcare practitioner before using any nutritional supplement, especially if you are taking medications on a regular basis, anticipate surgery, or are otherwise under medical supervision. Product not intended for use by children under 18 or women who are pregnant or lactating.
