

Potency Guarantee: Minimum of 1 billion cfu of live, active *L. bulgaricus* beneficial probiotic bacteria **LB-51 super strain** per wafer guaranteed through expiration date, if kept **dry** and **refrigerated**.

Suggested Use: Chew one to two wafers, followed by a glass of filtered water, before or after meals to help optimize digestion.* Additional wafers may also be taken between meals for added effect. Product removed from refrigerated bottle for daily use should be consumed within 24 hours for maximum potency. **Do not give chewable wafers to children under four years of age to avoid the possibility of choking.**

The **Trenev Process®**, a unique proprietary process, substantially increases the probiotic benefits by keeping the bacteria in their natural environment (supernatant) to ensure potency and efficacy, eliminating the need for additives (such as FOS – a type of sugar).

DO NOT FREEZE OR EXPOSE TO MOISTURE, HEAT OR DIRECT SUNLIGHT. DO NOT ACCEPT IF SEAL IS BROKEN. KEEP REFRIGERATED AND DRY TO MAINTAIN POTENCY GUARANTEE.

***These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.**
