

Potency Guarantee: Minimum of 2 billion cfu of live, active *B. infantis* beneficial probiotic bacteria NLS super strain per gram (approx. 1/2 level teaspoon) guaranteed through expiration date, if kept **dry** and **refrigerated**.

Suggested Use: Begin your regimen by taking one gram (approx. 1/2 level teaspoon) daily for the first week. Mix with 6 oz. unchilled, filtered (chlorine-free) water for about 2 minutes. For additional support you can increase the amount slowly until you are taking one gram (approx. 1/2 level teaspoon) five times per day or until you achieve desired results. For babies or toddlers you can use a portion of the formula or non-acidic juice to dissolve **Life Start[®] 2**, then add mixture to remaining liquid and shake bottle to thoroughly mix. Take **Life Start 2** preferably before meals and at least 2 hours apart from herbs, garlic and prescription drugs for optimal results. May be taken along with other Natren products.

The **Trenev Process[®]**, a unique proprietary process, substantially increases the probiotic benefits by keeping the bacteria in their natural environment (supernatant) to ensure potency and efficacy, eliminating the need for additives. For more information, please call for a complimentary brochure.

DO NOT FREEZE OR EXPOSE TO MOISTURE, HEAT OR DIRECT SUNLIGHT.
DO NOT ACCEPT IF SEAL IS BROKEN.
KEEP REFRIGERATED AND DRY TO MAINTAIN POTENCY GUARANTEE.
