THE #1 DOCTOR & PHARMACIST RECOMMENDED BRAND!®

**Like calcium supplements can help
your bones, Osteo Bi-Flex® can help
your joints.***

Every day joint cartilage breaks down and builds up.
While we can't reverse the aging process, we can
take beneficial ingredients to comfort our joints.*

**Active joints need active joint...and
muscle...support.****

You work hard, play hard and demand a lot from
your muscles and joints. Helping to keep them
healthy now can help keep them healthy going
forward as part of a continued joint care routine.*
That's why we created Osteo Bi-Flex® Joint &
Muscle.

Every time you flex your knee, your muscles work
together with your joints to make it happen. So
Osteo Bi-Flex® Joint & Muscle is specially
formulated with Glucosamine, which is naturally
produced in our body as a building block of joint
cartilage, plus Co Q-10 for your muscles.* Co Q-10 is
an important bioenergetic compound naturally
present in the muscle where its normal role is to
support energy production from food.*

Join the millions of people who choose Osteo
Bi-Flex® for their joints every day, and have made
it their #1 brand.**

**52 week Nielsen ScanTrack data ending 6/30/12.

5-LOXIN® Advanced is a highly potent concentrated
extract of the active ingredient AKBA from the herb
Boswellia Serrata. It contains high concentrations of
AKBA, which is an important Boswellic Acid for
helping with joint flare-ups.*

ONLY 2 EASY-TO-SWALLOW CAPLETS help support
cartilage and help with annoying flare-ups while
supporting the cellular components within joints.*

Administration. This product is not intended to diagnose, treat, cure or
prevent any disease.

1. This statement is based on two human studies of 5-LOXIN® Advanced using subjective measures in
which participants rate their joint health. In these studies, after 7 days, improvement continued to be
seen, including in biomarker analysis.

*Based on results of a GK Healthcare 2011 survey among physicians who recommend a brand of
Glucosamine and Chondroitin or Glucosamine supplements; and the results of a Pharmacy Times Survey
among pharmacists who recommend a "bone/joint strengthener" dietary supplement, 2006-2012.
