

SUGGESTED USE: Adults take 1 capsule once a day or as directed by your qualified healthcare professional.

Jarrow Formulas® PQQ (pyrroloquinoline quinone), is an enzyme cofactor that helps to protect mitochondria from oxidative stress and promotes the creation of new mitochondria, known as mitochondrial biogenesis.* It functions to promote the production of pyruvate, which is the first step in cellular metabolism.* PQQ is helpful for efficient metabolism to produce cellular energy.* PQQ also plays a role in supporting heart health and normal cognitive function.*

WARNING: Consult a healthcare professional before using this product if you are pregnant, nursing, under the age of 18, are taking medication or have a medical condition; if adverse reactions occur, discontinue use.

KEEP OUT OF THE REACH OF CHILDREN.

STORE IN A COOL, DRY PLACE.
