

**SUGGESTED USE:** Adults take 1 tablet once a day with food or as directed by your qualified healthcare professional.

**Jarrow Formulas® Resveratrol Synergy®** brings together resveratrol (3,4',5-trihydroxystilbene) and other naturally-occurring phenolic antioxidant compounds to support the body's endogenous antioxidant network and the cardiovascular system.\* Pterostilbene (Silbinol®), also known as dimethylresveratrol, is a naturally-occurring, methylated form of resveratrol. Methylation greatly improves intestinal and cellular uptake of this important phytochemical while reducing excessive liver clearance.\*

**WARNING:** Consult a healthcare professional before using this product if you are pregnant, nursing, under the age of 18, are taking medication or have a medical condition; if adverse reactions occur, discontinue use.

**KEEP OUT OF THE REACH OF CHILDREN.  
STORE IN A COOL, DRY PLACE.**
