

Directions: Take two capsules daily with or without meals.

Ashadrene is the only whole food, non-gmo ashwagandha root extract available. Fortified with 3x raw royal jelly powder, it is powerful support for the natural energy response and the hormone system, especially the adrenal glands.* It is also a potent source of special steroids known as withanolides. This is why Ashadrene is the ideal formula for supporting a healthy overall body response for the adrenals and as a healthy, whole body stress response.* Ashwagandha extract helps the body adapt to stress, while supporting the overall energy needs of its cells and organs.*
