

PROD. NO. 17630

Phosphatidylserine (PS) is a natural substance found in brain cell membranes. PS appears in the brain, especially in the neurons – the complex series of central nervous system pathways responsible for exchanging sensory information.* PS plays a role in brain function and has a positive effect on daily functioning.* In addition, PS levels in the brain may decline with age.

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

Directions: For adults, take one (1) tablet daily, preferably with a meal. As a reminder, discuss the supplements and medications you take with your health care providers.

KEEP OUT OF REACH OF CHILDREN. STORE IN A DRY PLACE AND AVOID EXCESSIVE HEAT. TAMPER RESISTANT: DO NOT USE IF SEAL UNDER CAP IS BROKEN OR MISSING.
