# Omega-3 Fish Oil Gummy Chews

Heart & Brain Health\*

- 300 mg EPA / 225 mg DHA
- No Fishy Taste, Sugar Free

36 Gummy Chews  
A Dietary Supplement

GOOD OMEGA-3

PFUND MEMBER

## Omega-3/Fish Oils

### Suggested Usage:

For adults and children (ages 4 & up), take 1 gummy chew daily with food.

Supportive but not conclusive research shows that consumption of EPA and DHA omega-3 fatty acids may reduce the risk of coronary heart disease.

Gummies are a popular dose form for nutritional supplements. Unfortunately, traditional gummies are often high in sugar and relatively low in nutrients requiring several per serving. This great-tasting fish oil gummy chew is a unique delivery form compared to typical gummies. It is also sugar free and sweetened with xylitol and stevia.
