

Natural Sweetener with low Glycemic Index!

Related to sunflowers, Yacon is a large, succulent tuberous root. From this we produce an exceptionally sweet tasting syrup. One teaspoon of Yacon Syrup can be used for cooking, baking, over yogurt, to sweeten smoothies or to replace any of your current sweeteners.

Please refrigerate after opening.

You hold in your hands one of the finest traditional botanical available and a favorite in South America, where it has been empirically selected for its effectiveness over many generations. Only organically cultivated plants are collected and shipped to our facility
