

LONGEVITY™
MEDICAL CLINIC

STRESS GUARD

A DIETARY SUPPLEMENT

120 Capsules

Exclusively manufactured for:

LONGEVITY  MEDICAL CLINIC™

Stress Guard is a powerful formula to help the body cope with stress. Phosphatidylserine (PS) is a phospholipid found in high concentrations in the nervous system which helps the body counterbalance excessive release of cortisol in response to stress. In addition to modulating cortisol levels, PS supports healthy brain function, memory, and focus. Passionflower is a well-known traditional herbal medicine that supports normal healthy nervous system function, restful sleep, and eases normal mild tension.*
