

Finding a vegan protein that checks all of the boxes of taste, texture, and nutritional value is difficult. Often, you are sacrificing one or more of these qualities to make up for the others. Arms Race Nutrition™ VEGAN solves this problem. To ensure you receive a complete protein with every serving of our pea and brown rice protein blend, we've added fermented vegan BCAAs to every scoop. To ensure maximum digestibility, we also add the digestive blend DigeSEB™, a precise mixture of amylases, lactase, proteases, lipase, and cellulase.

Finally, the taste. We get it: vegan proteins do not typically taste great, but we've worked tirelessly to ensure that Arms Race Nutrition™ VEGAN lives up to our standards. We not only made sure to nail down a flavor profile and creamy texture that rivals any animal-based protein, but we have added confectionery inclusions to take our VEGAN blend over the top in true ARN fashion!
