*Our guarantee: Because no weight-control product or program will work for everyone, Zantrex Blue is backed by our 100% satisfaction guarantee. Simply stated, if you are not satisfied with your Zantrex Blue, just return it to the place of purchase within 30 days.

*In a published clinical trial, subjects using the key compound in Zantrex Blue experienced a mean weight loss of 11.2 pounds in a little over six weeks.

†While the published clinical trial using the functional compound in Zantrex Blue resulted in significant weight loss WITHOUT a prescribed diet program, adding a sensible diet to your weight-loss regimen should only enhance its incredible weight-loss power.

NOTE: Limit the use of xanthine-containing (i.e., caffeine and caffeine-like stimulants) supplements, foods, or beverages while consuming this product because stimulants may cause nervousness, irritability, sleeplessness, and occasionally, rapid heartbeat. If you or your health-care provider have any questions, please call: 1-800-886-5153.

Note for customers of Zantrex® Red or Zantrex® Black: Zantrex Blue, Zantrex Red, and Zantrex Black are different formulations that work in different ways. For maximum weight-loss effectiveness, take Zantrex Blue every day as directed.

Other Ingredients: Gelatin, magnesium stearate, stearic acid, rice flour, microcrystalline cellulose, silicon dioxide, titanium dioxide, and FD&C Blue 1.

DIRECTIONS: For weight loss, adults take 2 capsules with a full glass of water 15 minutes before main meals. For a significant energy boost, adults take 1 or 2 capsules as needed. **Do not exceed 6 capsules in any 24-hour period.** Use in conjunction with any sensible diet and exercise program. Individual results will vary.

WARNING: Do not exceed suggested daily serving. Not for use by individuals under the age of 18 years. Do not use if pregnant or nursing. This product contains a significantly potent xanthine (i.e., caffeine and caffeine-like stimulant) mixture of about 300 mg per serving. Consult your physician before use if you are taking medication, are sensitive to stimulants, or have a medical condition. People sensitive to niacin (nicotinic acid) may experience flushing of the skin that is generally mild and transient. Do not use if inner safety seal under the cap is broken or missing. **Use only as directed. Keep out of reach of children.**
