

In the era of concentrated pre-workouts, the race is on to create even stronger products with no emphasis on long term increases in: performance, muscle growth or preventing devastating 'crashes' that can ruin your workouts. D Stunner™ features an advanced stimulatory blend of with REV-PEA™ which results in a no crash, sustained energy experience. REV-PEA™ is an advanced blend of energy and focus enhancing phenylethylamines which promote the release of epinephrine and norepinephrine, 2 powerful neurotransmitters.† The stimulant blend also features N-Methyltyramine which aids in preventing the breakdown of supplemented PEA.† To promote boosts in performance and nitric oxide levels, D Stunner™ utilizes GlycoCarn® which is supported by research to promote the production of nitric oxide for the muscular 'pump' during exercise.† The combination of 3,7-dimethylpurine-2,6-dione and N-Methyltyramine HCl presents a new age advancement in the pre-workout category as it aids in improving breathing capacity.† This advancement combined with Quercetin (Quercetin may increase aerobic performance through muscle mitochondria) may lead to the maintenance of oxygen uptake.†

D-STUNNER™

PRE-WORKOUT CONCENTRATE & OXYGEN POTENTIATOR†

Supplement Facts

Servings per Container: 28

Serving Size: 1 scoop (9.3 g)

Amount Per Serving	% Daily Value
Calories	10 <1%
Calories from Fat	0
Carbohydrates	1g <1%
Sugars	1g
Vitamin B12	150 mcg 2500%
D-Stunner Performance Blend	7,313 mg *
Performance	
Citric Acid, Beta-alanine (as CarnoSyn®), Creatine Monohydrate, Malic Acid, Glycerol Monostearate GlycoCarn® (Glycine Propionyl-L-carnitine HCl), Quercetin (Sophora japonica) (flower).	
CNS (Central Nervous System)	
β-Phenylethylamine HCl, 3,7-dimethylpurine-2,6-dione (Theobromine 99%), Caffeine, N-Methyltyramine HCl, REV-PEA™ (R-β-phenylethylamine HCl, N-methyl-β-phenylethylamine HCl, β-Methyl-phenylethylamine).	

* Daily Value not established.

OTHER INGREDIENTS: Dextrose, corn starch, maltodextrin, natural and artificial flavor, sucralose, may contain red #40, FD&C blue #1, blue #2, caramel color, titanium dioxide, titanium dioxide, allergens, PEG, MCT's, silicon dioxide.
